About the Role

Job Title : Buying Channels Enablement Specialist

Location : Hyd #Hybrid

Job Description:

We are seeking a Buying Channels Enablement Specialist to help us reach twice as many renal patients twice as fast. In this role, you will be responsible for being the primary point of contact in our customer centric model, engage and identify shared priorities and meet customer's needs through problem-solving techniques in order to improve patient outcomes.

This role will work directly with the Procurement Operational Excellence team and reports to the Global Process Lead Buying Channels

Key Responsibilities:

- **ROLE PURPOSE**-The Content Enablement Specialist drives the identification and execution of content enablement projects (e.g. Catalogs or e-Forms) that will increase the % of hands free procurement.
- Set-up and enable procurement content, such as e-catalogues, inquisitive forms and connections to content marketplaces and external tools. Perform analysis of content coverage and quality.
- Maintain procurement content - Maintain and perform Procurement content updates. Conduct periodic reviews to ensure accurate and up-to-date content, e.g. by identifying expiring catalogues.
- Provide support in Procurement content activities and Act as a key contact for all questions and queries around Procurement content. Align with responsible contacts in case of required content updates, approvals or discrepancies.
- Hands-On to application of total cost of ownership and should cost modelling. Impactful strategies, supporting execution of category objectives, working with analytical data, business partners and market expertise.

- Understanding the respective category market levers, trends, and main players as well as internal processes and Compliance & risk management: Compliance & risk management: understanding the critical metrics, processes and supporting reports.
- Supplier lifecycle management and supplier performance management. Procurement tools and ability to navigate them. Procurement data structure and procurement classification system for material, services, and suppliers.

Essential Requirements:

- 2-5 years of experience of working in a global environment in a similar position and Proficiency in procurement software and tools (e.g., SAP Ariba, Coupa).
- Experience in SAP Ariba Guided Buying, Procurement operations and sourcing. content enablement (catalogs, forms), SAP Ariba Guided Buying.
- Experience in reporting & analytical tools (MS Access and MS Excel, Power BI experience will be an advantage), managing projects.
- Seeking the new, enabling creativity and turning ideas into action and Communicating clearly in writing and verbally. Conveying messages to customers at different level, engaging and convincing partners.
- Procurement content (e.g. in contracts) and maintaining and updating Procurement applications accordingly (e.g. e-catalogs, user portal). Continuous improvement of procurement content and automation.
- Hands on to Planning, organizing and managing projects taking into account priorities, resources, budgets, issues and constraints to achieve desired results; defining clear project scope and objectives; applying software and tools to plan, track and report status.

Desirable requirements:

- Hands on to procurement content (e.g. in contracts) and maintaining and updating Procurement applications accordingly (e.g. e-catalogs, user portal). Continuous improvement of procurement content and automation.
- Strong analytical and problem-solving skills and experience with e-procurement platforms and other procurement technologies.
